Dear Parents,

Fairfax County Public Schools uses a variety of resources to support student learning. Some of the digital resources your child may use this year require parental consent according to their terms of service and/or privacy policy. FCPS takes your child's privacy and security very seriously, and follows the guidelines set forth by federal legislation.¹

The tools listed on the attached pages have been thoroughly reviewed and approved for use in FCPS. A detailed explanation of each of the tools can be found on the attached page. After reviewing this document, please sign and return this form to Rocky Run Middle School. You may keep the attachment for future reference.

¹ Federal guidelines regarding online safety for children include:
Family Educational Rights and Privacy Act (FERPA)
Children's Online Privacy and Protection Act (COPPA)
Children's Internet Protection Act (CIPA)

Where possible, students are encouraged to use their FCPS Google account when logging in and creating an account for these resources. This will help to minimize the collection of additional student data, while making the login process more efficient.
